

# Class of Honours Standard Schedule

## 1 Purpose

To provide a standard approach to the grading of honours throughout the University, both through embedded honours, and the additional year honours programs.

## 2 Scope

This schedule must be read in conjunction with the Assessment Procedure and is subordinate to it.

## 3 Schedule

For all honours programs, the class of honours awarded will be determined on the basis of both:

- the grade achieved in the honours project; and
- **either:**
  - Schedule A where the Grade Point Average (GPA) is calculated over the eight Credit point honours component (where applicable)
- **or**
  - Schedule B where the GPA is calculated over all courses in the program.

The University standard honours assessment framework is outlined below. All GPA ranges reflect the range after straight rounding, i.e. the cut-offs shall be calculated by straight rounding, e.g. 6.48 would round to 6.5 and 6.44 would round to 6.4.
